RESPONSE TO NOTICE OF NON-COMPLIANT AMENDMENT

Dear Sir:

In response to the Notice of Non-Compliant Amendment, mailed July 19, 2005, requesting a listing of claims with status identifiers, Applicant has submitted herewith a listing of claims with status identifiers.

Additionally, in the preliminary amendment submitted March 22, 2004, Applicants amended the specification. The replacement specification submitted June 21, 2004 did not reflect this amendment. Thus, this paper includes an amendment similar to the amendment of March 22, 2004 (the difference is because the parent patent has since issued) to ensure the specification reflects that this is a divisional application.

Amendments to the Specification is reflected in the listing that begins on page 2 of this paper. **Amendments to the Claims** are reflected in the listing of claims that begins on page 3 of this paper.
